

# TT-707

## Dieseltilsætning

HIGH PERFORMANCE DIESEL SYSTEM MAINTENANCE

- ✓ Suitable for any diesel engine.
- ✓ Cleans and lubricates the whole circuit.
- ✓ Removes and micronizes water.

### Technical Info

- Appearance: liquid.
- Colour: straw-colored.
- Specific weight: 0.88 kg/l.
- Fragrance: specific.
- Flash point: >60°C.
- Shelf life: 24 months, keep dry, cool and frost-proof.

### Packing

TT-707 Dieseltilsætning - can 5L	740505118
TT-707 Dieseltilsætning - can 20L	740520118

### Product

#### Characteristics

TT-707 improves engine performances reducing consumptions. Increases from 2 to 5 points in number of diesel cetane; micronizes water from tank walls, facilitating removal; improves pump and injector lubrication; keeps pump, injectors and the whole circuit clean.

### Use

TT-707 is added in tank or directly in vehicles tanks, in a percentage between 0,1% and 0,4%.

- 50 liters tank: add between 50ml and 200ml
- 100 liters tank: add between 100ml and 400ml
- 1000 liters tank: add between 1 liters and 4 lts
