Product

Characteristics

This hand soap quickly removes the most stubborn dirt without irritating the skin. The soft natural granules provide pore-deep action with respect for the skin. Moreover, these granules are biodegradable and do not contribute to the formation of microplastics. Concentrated formula, economical in use.

Applications

Industrial hand cleaner.

Use

Apply to dry hands and rub in well until completely mixed with the dirt.
Wipe with a cloth or rinse with water and dry.
Repeat if necessary.
